Career Objective

Passionate and skilled full-stack developer seeking opportunities to apply expertise in front-end and back-end technologies to create innovative, user-friendly software solutions. Committed to continuous learning and contributing to dynamic projects in the tech industry. The aim is to research and build solutions and products that impact millions of lives.

Experience

Maruti Suzuki | Web Developer Intern   Jul 2024 - Oct 2024
- Developed user interfaces for five real-life projects using ReactJS, enhancing project delivery speed by an average of 30% and resulting in faster client feedback cycles during the internship tenure.
- Gained knowledge about backend and database(MongoDB).

TechCodistic | Web Developer Intern   Mar 2024 - Jun 2024
- Developed and maintained user interfaces for web applications using HTML, CSS, and JavaScript.
- Gained hands-on experience with version control systems and deployment tools.

The Website Makers | Frontend Developer Intern   Dec 2023 - Feb 2023
- Developed responsive and user-friendly web applications using HTML5, CSS3.
- Assisted in optimizing web applications for maximum speed and scalability.

Projects

Personal Portfolio | Link   *JavaScript, Bootstrap, Html, CSS*

Developed a personal portfolio website to display information about me.

Elite-Media| Link   *JavaScript, RapidAPI, MUI*

Built a YouTube clone using React.js and RapidAPI to fetch and display video and channel data, ensuring responsive and dynamic functionality.

Silent-Scholar | Link   *React, appwrite, Redux*

A dynamic and user-friendly blogging web application with a seamless login system, users can easily access their personalized space to create, publish, and manage their own blogs.
